PRODUCT/ SERVICE	DESCRIPTION	SEGfL/THINK IT OFFER
	<p>Performanta is a UK based Cyber Security Specialist. Their dedicated team of cyber security professionals is continuously working to uncover the latest cyber security threats.</p> <p>Did you know that 91% of successful data breaches started with a spear phishing attack?</p> <p>This year, phishing scams have been targeting schools. Impersonations and a range of sophisticated phishing emails continue to spread across schools. IT teams must be able to detect and automatically mitigate these phishing risks as quick as possible.</p> <p>“The median time the first user open of phishing emails is less than 2 mins” - Verizon DBIR report.</p> <p>Clearly quantify current risk exposure and time saved on IT security. Start protecting your school today!</p>	<p>Performanta offer bespoke managed security services to Education. Pricing is dependent on your current security arrangement, existing IT infrastructure and ‘risk appetite’. Each school or MAT is therefore assessed individually. For SEGfL schools Performanta are offering the following free anti-phishing trial service:</p> <ul style="list-style-type: none"> • Find out what percentage of your staff and students receive phishing emails with your free phishing vulnerability assessment. • Free trial – 2-click seamless deployment for O365 users • Start receiving real-time visibility of threats you could not see before • Review resolved threats automatically remediated for you • Vulnerability assessment available within 24 hours to share with school leadership
